

## COMPANY PROFILE

### PREAMBLE

Speciality Industries L.L.C (Speciality, established in 2006 is part of a Dubai based mid-sized business group viz. BUJSAIM GROUP of COMPANIES having diverse business interests. Speciality as the name says, is primarily known in the market to provide specialized value added products and services to a wide range of industry segments.

## The activities that Speciality is engaged in to are:

- Mineral processing and pulverizing
- Manufacturing of Construction Chemicals (dry and liquid)
- Material processing, handling and storage solutions

The main focus is on Construction Chemicals, Paints, Metal Castings, GRC/GRP, Ceramics, Water Filtration, Oil Fields, and Feeds. Speciality is fortunate to have all big names in these industry segments as customers.

Speciality is well equipped with latest State of the Art machinery and equipment thus being able to meet specialized needs of customers.

Speciality is located in Jebel Ali Industrial Area 2, Dubai, United Arab Emirates which has proximity to all major industrial belts in UAE.

## OUR OBJECTIVE

Our primary objective is to ensure that the customers receive their products and services to their needs on time. Quite often our Quality Assurance personnel reach out to the customers to understand their needs and thus being able to serve better.

## OUR REACH

The whole ranges of products and services that we offer cater to the following market segments:

- Construction Chemicals
- Block Manufacturing
- Paper
- Paints
- Ceramics
- Ink
- GRP / GRC
- Oil & Gas
- Detergent
- Foundry
- Animal Feeds
- Sugar
- Water Filtration / Treatment

## INFRASTRUCTURE

Our infrastructure remains the backbone of our entire business. We have a total land area of 300,000 sq.ft, of which 60,000 sq ft is the built up area. The built up area includes the office, warehouse and production facility. We have a wide range of state of the art machinery and equipment which includes roller mills, ball mills, hammer mills, sieving units, batching plants, jaw crusher, roller crusher, classifiers, packing units and silos. We therefore are able to meet the customer requirements. To meet our daily delivery needs, we have a fleet of flat bed trailers and pickups. In addition we also do have an in house lab facility.

Speciality also ensure to match the specification according to international standards viz. ASTM, BS etc. which is a requirement in certain industries.

### Quality Certificates

To adhere to the stringent quality norms of our prime customers, Speciality also has adopted stringent quality standards. Accordingly, quality check happens at various stages viz. receipt of raw material, during production (in process quality check), right after production (while taking finished material into stock) and at the time of dispatch.

Speciality possess the following quality certifications:

ISO 9001:2015

ISO 14001:2015

OSHAS 18001:2007

**PRODUCT PORTFOLIO – MINERALS**

**FINE POWDERS**

Silica Flour  
Calcium Carbonate  
Barium Sulfate  
Gypsum  
Feldspar  
Talc  
China Clay  
Mica  
Micro Silica  
Bentonite  
White Cement  
Quick Lime  
Hydrated Lime  
Fly Ash

**GRANULES**

Silica Sand  
Quartz Silica  
Limestone  
Dolomite  
Marble Chips  
Gabro  
Glass Chips  
Garnet  
Colored Aggregate  
Anthracite  
Activated Carbon  
Pebbles / Boulders  
Mica Flakes  
Cenosphere

**MANUFACTURING OF CONSTRUCTION CHEMICALS**

Plasters  
Concrete Repair Products  
Sealants  
Colored Plasters

Tile Grouts  
Resin Systems  
Colored Concrete  
Tile Adhesives

Resin Mortars  
Floor Screed  
Epoxy Coating  
Cementations Mortars
